---

The authors regret < Figure 3 (XRD), one spectrum (spectrum for the sample called Ni-Fe(LDHs)/ZnO 20s) was plotted with the same data as the third sample (Ni-Fe(LDHs)/ZnO 25s)). This has happened because the two spectra are very similar. We would like to submit an Erratum to Figure 3 as attached. It is to be noted that this Errata will neither change the findings nor the conclusion in the paper. >.

Corrigendum to **Figure 3** in Published paper

The authors would like to apologise for any inconvenience caused.
